Andrew M. Cuomo,

Amazon has routinely abused its workers and suppressed workers' attempts to unionize. Their expansion in our state will not only lead to more workers' abuses but also major setbacks to workers' rights and labor protections. Today I write to you as a constituent to implore you to cancel our state's deal with Amazon until they can commit to end all workers' abuses once and for all.

Andrew M. Cuomo,

Thousands of Amazon workers are routinely abused on the job. In some Amazon warehouses, workers have been found to have to urinate in trash cans to meet impossible performance quotas. During peak seasons, they are scheduled for 60-hour work weeks and many are injured on the job, or shortly after, due to exhaustion. Your negotiation deal with Amazon will only bring more workers' abuses to our state. As a constituent I cannot support this. I write to demand you cancel our contract with Amazon immediately.

Andrew M. Cuomo,

Amazon claims their expansion will bring thousands of new jobs. But community members are sure their new white-collar jobs will not be for the working-class communities most in need of them. There is also no guarantee any of the low-wage jobs will actually have worker protections, given Amazon's history of worker abuses. As a constituent I write to you to ask that you rescind our state's contract with Amazon once and for all.

Andrew M. Cuomo,

Amazon people residence in our city will only worsen housing crises and lead to further workers' rights violations. No matter how many new jobs Amazon promises, there is no guarantee they will be for the working-class communities most in need of them. The costs of their arrival outweigh the benefits. As a constituent, I refuse to support their expansion until they can guarantee an end to all worker abuses. I implore you to do the same as governor. Thank you.

Andrew M. Cuomo,

Because of Amazon's continued abuses on workers across the country, I
refuse to support their expansion in our state. I ask that you commit to
cancel our state's deal with Amazon and call on them to end all labor
abuses of workers.

Governor Web Mail Message

Andrew M. Cuomo,

Working conditions in Amazon warehouses are gruesome. Amazon "pickers" pick products off the shelves, pack them, scan them with handheld scanners, and send them out for delivery. Many fulfillment centers demand pickers pick up 400 items per hour, or one item every nine seconds, or face repercussions. As governor, you must consider the real cost of Amazon hidden in the lives of the thousands of workers routinely abused on the job. Amazon has failed time and time again to ensure safe working conditions. There is no guarantee they'll change once they expand into our state. I write to you as a constituent to demand that you refuse to support their expansion any longer until they can guarantee an end to all labor abuses. Thanks.
